### HOW MUCH MATERIAL DO I NEED?

Find your total sq ft of area (length x width)

Divide total sq ft by desired depth:

3" depth: divide sq ft by 108

4" depth: divide sq ft by 81

Outcome will be total cubic yards you need.

## PRODUCT INFORMATION

**Beauty Bark:** Hemlock/Fir Blend | Excellent for mulching, suppressing weeds, & retaining moisture in the soil.

**3-Way Topsoil:** 60% Valley Loam, 30% Steer-Gro, 10% Sand | Great for in-ground planting & starting new lawns.

**Steer-Gro:** 50/50 mix of aged barnyard manure & sawdust | An all-natural soil conditioner & soil builder.

**Play Chips:** All-natural cedar wood chip | Great for dog kennels, pathways, & children's play areas.

**Compost Mulch:** 100% composted vegetative yard waste | Excellent for soil amending, mulching & more.
