NC Potting Soil deliveries, add \$19/yard to Fine Bark delivered price • Pro Greenhouse Mix, add \$36/yard to Fine Bark delivered price
Sawdust is also available for delivery at same price as Medium Bark

HOW MUCH MATERIAL DO I NEED?

- STEP 1:** Multiply the length by the width of the area you are covering to calculate the square footage.
STEP 2: Divide total square feet by desired depth: 3" depth: divide sq ft by 108 | 4" depth: divide sq ft by 81
Outcome will be total cubic yards you need.

PRODUCT INFORMATION

- Beauty Bark:** Hemlock/Fir Blend | Excellent for mulching, suppressing weeds, & retaining moisture in the soil
3-Way Topsoil: 60% Valley Loam, 30% Steer-Gro, 10% Sand | Great for in-ground planting & starting new lawns
Steer-Gro: 50/50 mix of aged barnyard manure & sawdust | An all-natural soil conditioner & soil builder
Play Chips: All-natural cedar wood chip | Great for children's play areas, dog kennels, & pathways.
Compost Mulch: 100% composted vegetative yard waste | Excellent for soil amending, mulching & more
